

```
sophia::monte_carlo  
::models::RandomRolloutStrategy  
    ::select_action
```

```
graph LR; A["sophia::monte_carlo  
::models::RandomRolloutStrategy  
    ::select_action"] --> B["sophia::monte_carlo  
::models::Node::Name"]
```

A diagram showing a flow from a function call to a node name. On the left, a gray box contains the text 'sophia::monte_carlo', '::models::RandomRolloutStrategy', and ' ::select_action'. A blue arrow points from this box to a white box on the right. The white box contains the text 'sophia::monte_carlo' and '::models::Node::Name'.

```
sophia::monte_carlo  
::models::Node::Name
```
